TIRED OF:

- WET LAB WORK
- CURRENT LAB ENVIRONMENT WITH UNPREDICTABLE FUNDING
- UNCERTAIN FUTURE?

THINK NO MORE!

How about considering a Job Change Today?
From wet lab supervisor to an enlarged role:

Field Application Specialist

(stem cell - iPSC / MSC...)

where you combine both wet lab experience with knowledge impartation to help our customers in Singapore and the region to succeed in eventual stem cell culturing/expansion and downstream differentiation for cell-based clinical application...
